

# BRAKE MATE™

AIR BRAKE STROKE INDICATORS

*The safe & convenient way to check your air brake adjustment*

### Benefits From Using The Brake Mate™

- Ⓒ No crawling under tractor/trailers to check proper brake adjustment
- Ⓒ Removes the possibility of personal injury or damage to clothing
- Ⓒ Eliminates the possibility of not detecting brakes out of adjustment leading to fines, premature brake wear or decreased braking ability
- Ⓒ Helps prevent contaminants from entering brake chamber potentially limiting brake effectiveness while extending brake chamber life

Brake Released

Brake Applied

### In some countries...

- Ⓒ Brake stroke indicators are mandatory on all air brake equipped vehicles including tractors, trailers and buses

### The vehicle will be rejected if...

- Ⓒ The brake push rod stroke indicators are missing or showing overstroke condition
